

Asthma & Allergy Season

Top Picks for Summer Sufferers

Over 25% of our population suffer from allergies. We've teamed up with Allergy Ireland to recommend products to help your patients alleviate symptoms during the summer season.

Medicare Cirrus Humidifier

Medicare Cirrus Humidifier removes dust and indoor air pollutants from around the home, office, spa and more to create clean and hygienic air. Using the aromatherapy tray the humidifier can also release a host of rejuvenating and soothing fragrances that refresh and improve the indoor air quality and ambiance of any space. Humidifiers are recommended for those who suffer with asthma and allergies and are also suitable for use with children.

Medicare V2 Portable Nebuliser

Medicare's V2 Portable Nebuliser allows the user to comfortably deliver medication discreetly and on the go. Its compact size fits comfortably in the palm of your hand but is still powerful enough to effectively deliver the necessary medication for respiratory conditions.

Medicare LifeSense Bluetooth Pulse Oximeter

Medicare LifeSense Bluetooth Pulse Oximeter is an easy to use, non-invasive and completely painless SpO2 test which gives quick and accurate results within 10 seconds. This device can be paired via bluetooth to the Medicare LifeSense App and the stats can be shared quickly and easily with healthcare professionals.

Medicare are delighted to partner with Allergy Ireland to bring CPD Certified educational content from Dr Iseult Sheehan on how to prepare for and manage summer asthma and allergies. Scan the QR code to view the training videos. Visit <https://www.flemingmedical.ie/asthma-and-allergies>
